

## Artist Opportunity at Modales Winery and Vineyard

Located in Fennville and nestled within 14 acres of vineyard, Modales Winery is offering local artists an opportunity to participate in a revolving gallery in our beautiful tasting room.

The tasting room is expansive and includes a wrap around patio whose walls extend over 60 feet in length and stretch upwards 15 feet. Dappled light slips through the windows that cover the patio creating an open air feel and because of the size of the walls, a perfect place for large pieces or groupings. The main tasting room where guests are guided through their wine experience, has many options for exhibiting including an intimate corner where small pieces can be displayed. The possibilities are endless and we at Modales are excited to connect with our local artist by offering this evolving gallery space.

Here is some basic information and please feel free to reach out to me with questions at [cat@catfrancisco.com](mailto:cat@catfrancisco.com).

The exhibits will be rotated every two months (60 days) during season and while artists may exhibit in subsequent shows, work shown must be changed out unless otherwise agreed upon. A schedule will be supplied to interested artists.

Modales will not be responsible for damage or theft and will require a waiver to be signed before exhibiting.

Meet the artists opening receptions to be agreed upon.

We promote in social media (and we hope you do, too) and to our mailing list.

Being a member of the wine education team at Modales, I was thrilled with the opportunity to bring art to the tasting room and celebrate our local art community. So, come on in, check out the space and become an exhibiting artist at Modales. I look forward to hearing from you.
